d) There was further discussion of the issues surrounding the additional care needed to avoid Waste Management's extra charges for mixing garbage with recycled materials. Member Stone will speak with the District's "Rep" from Waste Management and CVIC and report back to the Board. President Hertlein will speak with CVCYC and report back to the Board.

e) The Board discussed the status of the Farmers Market and the current operator, West Coast Farmers Market, (WCFMA"). It was noted that no contract was ever executed between the parties. In January 2016, at the request of WCFMA, the current schedule of a once weekly market on Sundays began. WCFMA has been paying the District current on about a weekly basis. The District learned that WCFMA had operated without all required permits from approximately February to June of 2019 without it ever advising the District of its failure. Vendors have been dwindling and others have complained about the operation.

A Motion was made by Member Stone that: The Board of the Carmel Valley recreation and Park District recognizes that the performance of the Farmers' Market has been on a decline over the last months. It has recently learned that West Coast Farmers Market Association, (WCFMA) allowed its permits for operation from the Agriculture and Health Departments to lapse for several months without notice to the District. Based on the foregoing and other matters, the District has lost confidence in WCFMA's ability to maintain the operation of the farmers' market in an acceptable manner, it is moved that the Board take all reasonable steps to discontinue its relationship with WCFMA as soon as same may be legally accomplished.

So Moved: Member Karolyn Stone, Second: Member Steve Goodman

Motion Passed by Unanimous Vote of all Board Members

The Board discussed a new sponsor for the farmers Market. Member Stone presented information she had mailed earlier to Board members concerning Pajaro Valley Certified Farmers Market, "PVCFM") and its operator Jesus Madrigal.

After discussion Member Stone Moved that: The District move as quickly as can be legally accomplished with the advice of District Counsel to negotiate business terms of an agreement mutually satisfactory to PVCFM and the District. Said terms to be reduced to writing by District Counsel for execution by PVCFM and the District.

So Moved: Karolyn Stone

Second: Member Steve Goodman

Motion Passed by Unanimous Vote of all Board Members

f) The Board discussed the matter of a visitor's car passenger side window being broken when the wind blew one of our gates into it. President Hertlein is handling the matter, expects the cost of repair to be approximately \$419.00, which he is advancing

personally. By consensus the Board requested President Hertlein obtain a form of Release of the District from District Counsel for execution by the claimant.

g) CVVC would like to extend the previously granted Lease reduction to \$150.00 for the months of October, November and December 2019. Member Michael Thatcher so Moved and Member Steve Goodman seconded the Motion. Upon a vote of four (4) Ayes with Member Karolyn Stone Abstaining the Motion passed.
