The Clark Termite Infestation Protection warranty covers infestation by all species of subterranean, drywood, and dampwood termites, and covers the building identified above from unknown costs of future termite treatments, plus any necessary structural repairs caused by live termites. If termites are discovered while this warranty is active, **treatment of any new infestation will be completed* within 45 days** of discovery notice to Clark. If any repairs are required hereunder by selection of the TIP option, such **repairs shall be completed* within six months** of discovery notice. **Any damages calling for replacement or repair must be visually inspected by a Clark Pest Control representative and a photograph may be taken; otherwise, to be covered by this policy, a date stamped photo of the damaged area must be presented to Clark.** Methods used to control termites, determined by Clark, may include liquid soil treatment, baiting, dusting, wood injection, fumigation, and/or any other recognized legal method that Clark deems appropriate. Clark will also replace or re-support, as necessary, infested wood members found to be structurally weakened by active/live termites at no additional charge. This warranty does not cover damage incurred prior to the date of coverage, including old damage without live termites discovered during remodel or reconstruction, or any consequential damages to personal property, paper products, electronic data, wallpaper, painted surfaces, stains, sealers, and clear coats, or damage from water, wet rot, dry rot, mold, bacteria, wood-destroying beetles, ants, or pests other than termites. Also not covered: removal or replacement of hazardous materials including, but not limited to, asbestos and lead. Additionally, costs related to the loss of use of any property, real or personal, are not covered. By selection of the TIP option, the building identified above will be protected on a month-to-month basis for up to three years, the initial coverage period. During this initial coverage period Clark may, but is not required to, inspect the property. There will be no additional charge for these inspections should they occur. The account must be current, including TIP payment, as well as payment for any work done before a claim can be filed. Clark will not raise the monthly charge during the initial coverage period. Clark will contact you prior to expiration of the initial coverage period to schedule an inspection of the property. After the initial coverage period expires and after an inspection, the warranty may be continued upon mutual consent. Clark reserves the right to adjust any fees after the initial coverage period. Failure to make any monthly payment when due hereunder constitutes a cancellation, by the customer, of this agreement, the warranty, and all of Clark's obligations hereunder, including but not limited to any liability for damage, or repairs, or treatment of termites. As long as all payments are current, the warranty is transferable to a subsequent owner upon sale.

**unless otherwise agreed to in writing signed by both parties*

Customer declines the TIP warranty _____
INITIALS

In the event that the customer declines the TIP Option, work performed by Clark Pest Control will be **GUARANTEED for ONE YEAR** (with the exception of plumbing repairs, which have a 30-day warranty), **and the guarantee is limited to areas treated only. No warranty is offered against termite reinfestation or infection by wood-destroying organisms** unless all recommended items are completed. While the purpose of the service is to prevent future damage by wood-destroying organisms, if the TIP Option is not selected, Clark Pest Control will not be held responsible should such damage occur. There may be health-related issues associated with the structural repairs reflected in the inspection report referenced by this work-authorization contract. These health issues include, but are not limited to, the possible release of mold spores during the course of repairs. We are not qualified to and do not render any opinion concerning such health issues or any special precautions. Any questions concerning health issues or any special precautions to be taken prior to or during the course of such repairs should be directed to a Certified Industrial Hygienist before any such repairs are undertaken. By executing this work-authorization contract, customer acknowledges that he or she has been advised of the foregoing and has had the opportunity to consult with a qualified professional.

TERMS OF AGREEMENT

Customer agrees to pay Clark Pest Control the amount shown upon completion. Clark Pest Control will perform no other corrective work except under separate agreements. All invoices over 60 days old will bear a finance charge at the greater amount of either \$5.00 or the rate of 1.5 percent per month from the date of service. In the event of non-payment or default by customer, Clark Pest Control may suspend or terminate the services as described in this agreement. If additional costs are accrued due to collection efforts, Clark Pest Control shall be entitled to recover from customer all reasonable costs for collection. Authorized debit entries shall remain in effect until I/we have notified Clark or the listed financial institution in writing of debit termination, and sufficient time has been afforded for Clark or the listed financial institution to act on it in an appropriate manner.

THREE-DAY RIGHT TO CANCEL

You, the buyer, have the right to cancel this contract within three business days. You may cancel by e-mailing, mailing, faxing, or delivering a written notice to Clark Pest Control by midnight of the third business day after you received a signed and dated copy of the contract.

Pesticides are the products Clark Pest Control uses to control the pests covered by this agreement. Pesticides make a better life for all by helping control disease carriers and wood destroying insects, thus protecting our health and property. When properly used, pesticides pose no problems to humans or the environment. Your Clark Technician is a State certified applicator whose knowledge is constantly being upgraded through regularly scheduled training sessions. If you have any questions, please call us at our toll free number: 800-936-3339 or write to: Clark Pest Control, P.O. Box 1480, Lodi, CA. 95241-1480.

STATE LAW REQUIRES THAT YOU BE GIVEN THE FOLLOWING INFORMATION: PESTICIDE NOTICE (SECTION 8538)

CAUTION: PESTICIDES ARE TOXIC CHEMICALS. Structural Pest Control Companies are registered and regulated by the Structural Pest Control Board, and apply pesticides which are registered and approved for use by the California Department of Pesticide Regulation and the United States Environmental Protection Agency. Registration is granted when the state finds that, based on existing scientific evidence, there are no appreciable risks if proper use conditions are followed or that the risks are outweighed by the benefits. The degree of risk depends upon the degree of exposure, so exposure should be minimized.

NOTE: To prevent their right to file a claim or lien against your property, certain claimants such as subcontractors or material suppliers are required to provide you with a document entitled "Preliminary Notice." A Preliminary Notice is not a lien against your property. Its purpose is to notify you of persons who may have a right to file a lien against your property if they are not paid. In the event that any subcontractor or supplier sends you a "Preliminary Notice" please contact us and we will see that you receive a full release. We will assume responsibility for paying them; there will be no liens or other claims placed against your property by subcontractors or materials suppliers.

NOTICE TO OWNER (SECTION 1937.16)

Under the California Mechanics Lien Law any structural pest control company which contracts to do work for you, any contractor, subcontractor, laborer, supplier, or other person who helps to improve your property, but is not paid for his or her work or supplies, has a right to enforce a claim against your property. This means that after a court hearing, your property could be sold by a court officer and the proceeds of the sale used to satisfy the indebtedness. This can happen even if you have paid your structural pest control company in full if the subcontractor, laborers, or suppliers remain unpaid.

To preserve their right to file a claim or lien against your property, certain claimants such as subcontractors or material suppliers are required to provide you with a document entitled "Preliminary Notice". Prime contractors and laborers for wages do not have to provide this notice. A Preliminary Notice is not a lien against your property. Its purpose is to notify you of person(s) who may have a right to file a lien against your property if they are not paid.

THREE DAY RIGHT TO CANCEL: You, the buyer, have the right to cancel this contract within three business days. You may cancel by e-mailing, mailing, faxing, or delivering a written notice to Clark Pest Control by midnight of the third business day after you received a signed and dated copy of the contract.
